Letter from G. W. Wells Esq., M.A., I.C.S., Ag. Collector of South Kanara, R.O.C. V.2. No.2966-23 dated the 13th May 23.

In G.O. Mis. No.1852 Revenue dated 17th October 1922 communicated with B.P. Mis. No.2081 dated 27th October 1922, the Government directed that the work in connection with

the

the settlement and demarcation of the boundary between Mysore and South Kanara which was to be taken up in the cold weather of 1922 should be postponed to the field season of 1923-1924. I accordingly recommend that Government may be moved to sanction the appointment of a Special Deputy Collector and staff entertained in the field season of 1921-1922, which may, I think, conveniently commence the work on 1st October 1923 and that M.R.Ry. K. Raman Nayar Avargal, now Deputy Collector on Special duty, Settlement Party NO. IV, Trichinopoly, who was the Special Officer deputed for the Boundary work on the last two seasons may be sent back to complete the work instead of a new officer who has to study the subject afresh.

2. A staff consisting of a clerk on Rs. 60-4-80 and four peons on ~~Rxxi5@x~~ Rs.15/- each per mensem may also be sanctioned for the Special Officer as Rs.12/- will be inadequate for the peons that have to work on the ghauts and great difficulty is experienced to secure men on Rs.12/- per mensem.

3. The orders issued in paragraph 3 of G.O. No. Mis.290, Revenue, dated 15th ~~xxhxxx~~ February 1922, communicated with B.P. Mis. No. 35, dated 18th February 1922, and in paragraph 3 of G.O. No.205 Mis. Revenue dated 1st February 1922, regarding the travelling and deputation allowances may also be ordered to apply to the field season of 1923-24.

Reference

Submitted to Government for orders.

2. The Board supports the Collector's proposals for the resumption of the work and the staff to be employed in the field season of 1923-24 provided the Mysore Durbar also agrees to the same.

3. If the work is taken up there is provision in the budget estimates of 1923-24.

Sir,

I am directed to refer to your Proceedings No. Mis.1852, dated the 17th October 1922, and to state that, as the financial stringency still continues, the Government of Mysore would like this work to be taken up later on and to request that the work may be postponed to a future date to be decided upon by previous arrangement.

Demarcation and settlement of the Mysore-South Canara boundary.

SIR,

I have the honour to refer to the letter from this office No.3894, dated the 16th May 1923. The Superintendent, Southern Circle, Survey of India, to whom the views of the Government of Mysore were communicated, in writing on the subject, states that he has been requested to point out to the Government of Mysore that as next cold weather several officers under him will be available for general duty, it would be a most suitable opportunity to complete the survey work which only requires one more season to finish off.

2. The Superintendent, Southern Circle, adds that if the work is not taken up this financial year or at the latest before the 1st October 1924, he may find great difficulty in being able to spare officers and surveyors for it, as he anticipates a very heavy field season's and mapping programme during the year commencing with the 15th November 1924.

In requesting that the above facts may be put before the Madras and Mysore Governments, the Superintendent wishes it to be pointed out that it is very desirable that the work should be taken up not later than the 15th September 1924, if only on the question of survey.

The file relates to the resumption of the work of Settlement of the Mysore South Kanara boundary.

(H) In GO. No 1852 dt 17-10-22 the Govt directed that the work should be postponed to the field season of 1923-24. The Supt. Southern Circle, enquires whether the work ~~shou~~ will be resumed in 1923-24. The Board of Rev states that the work may be resumed from 1-10-23, provided the Mysore Darbar agrees to the Same.

p 11 c.f.

p. 5 c.f.

The Mysore Darbar state that the as the Financial Stringency still continues, the work may be ~~decided~~ postponed to a future date to be decided upon by previous arrangement.

It is presumed that
The Board's ~~Secretary to be of the opinion~~

intention seems to be, that the work may be postponed for the present. if the Mysore Darbar does not agree to the resumption of the work in 1923-24. It is submitted ~~that orders~~ for orders whether the Supt. Survey of India may be informed that the work may be postponed to the field season of 1924-25. If it is decided so, the Board may be asked to renew the proposals for the resumption of the work sufficiently early - say by the end of April 1924.

(1) Necessity for the Survey

The question of the Settlement of the Mysore - South Kanara boundary (-Identification & demarcation of the line) was Considered in the years

(B) 1912-1914.- vide G.O No 134-5 dy 15-1-1914. Attention is Solicited to para 5 of letter No 135 dy 15-1-14 which states as follows:—

"What does seem to His Excellency in Council to be of great importance is that this long standing dispute should be finally settled one way or The other: and he would therefore again press upon the Darkast the

great advantage of leaving the matter to the final adjudicatement of a single officer whose adjudication would be based on the personal knowledge and study of each disputed point."

After 4 years the ~~Hon~~ Court of Mysore replied to our letter vide pages 2-5 of E.O. No 3307 dt 24-9-18. — (C) ~~In that letter it was~~ Suggesting the appointment of an officer of the Survey of India Party to settle the dispute. No reply was sent to the Resident to that letter and the Papers were recorded. Attention is solicited to Sir Alexander Cardew's note at page 8 of the E.O. of 1918. wherein he has recorded his views as follows:- (C)

' Mysore has taken 4 1/2 years to answer of the our letter of 15th Jan.y 14 — (B) No practical inconvenience appears to exist as Sir John Atkinson said in his note dt 18-11-13 has no intention of getting this matter settled. It seems useless to waste more time on it" x x "

p11 of note to E.O. (B)

3 The matter was again reopened in 1919 on receipt of a reminder from the Resident, ~~The matter~~ Seems to have been discussed with Messrs Banerji

cf. last para of Do at p2 of Eo (D)

Cobb and the Hon Sir Charles [illegible] as Rev Members, and the Resident was ~~asked to forward proposa~~ informed that the only satisfactory way of settling the dispute is a joint inspection by arbitrators and an umpire whose decision will be final.

5 In January 1920 the Resident ~~Subsa~~ forwarded ~~the~~ proposals accordingly and the ~~Govt~~ result of the proposals is the appointment of an officer ~~by~~ from the Survey of India Party the appointment of representatives from the Madras & Mysore Govts - vide

(E) Go. & Rev Dy 3-1-21.

6 The officers entered upon their duties in Jan^{y} 1921 and worked for two field seasons 1920-21 & 1921-22. The resumption of the work was

Go 1852 Dy 17-10-22 (H) postponed to 1923-24 and it has since been ordered to be postponed

Go 802 Dy 21-5-23 to 1924-25

(A) 7 Urgency of the work The total length of the boundary to be identified and demarcated is estimated at 200 linear miles out of which 85 miles have been completed leaving a balance of 115 miles As to the work

Ref Supt letter para 2 & 3 of Go 1852 Dy 17-10-22 (H)

it

It does not seem desirable to leave the work ~~unfinished~~ in an incomplete stage, this as otherwise the work already done ~~will not also be useful~~ may not probably become prove useful it is submitted that ~~the work may~~ sooner the remaining ~~urge~~ is finished the letter. (Please See in this Connection para 2 of the letter 22/5/23 from the ~~Supt~~ Resident in Mysore Since received pp 1-2 C.F.)

This Govt have all along been of the opinion that the exact line of boundary is of no real consequence the area in dispute being relatively small both in extent and value. That was the reason why when the Mysore Govt demurred to the proposal of having the boundary settled by two arbitrators and an umpire this Govt agreed to drop the whole matter But the demarcation having been commenced it would be well to complete it.
